Definite Interest Is Shown In New Hospital For Pahokee

At a meeting last Thursday night about 60 public spirited and tax-paying citizens of the Pahokee and Canal Point area gathered to hear and discuss the needs of improved hospitalization facilities in this immediate section of Palm Beach county. Enthusiasm and support was given the idea after it was explained what it would cost and how many years would be available for repayment of money secured by bond issue.

A combined hospital effort several months ago calling for a joint hospital between Pahokee and Belle Glade blew up, leaving this immediate area with inadequate facilities to care for sick and injured. The meeting Thursday night was the first definite and decisive action taken by the local community since that fatal straw ballot election day when the joint idea was killed.

Purpose of the meeting was to present and discuss the committee's recommendations for improvements at the Everglades Memorial Hospital. Following the presentation and a question and answer period during which plans for expansion of the facilities and financing of the project were discussed a motion from the audience was made and passed without a dissenting vote to proceed with plans as outlined.

The committee recommended that immediate steps be taken to build new facilities on the present site of the Everglades Memorial Hospital and to conduct a bond election to raise the necessary

funds. A petition to the County Commission to call such an election was circulated and signed by those present immediately following the meeting.

The presentation of the facts was given by representatives called in by the committee and included Dr. F. H. Potette, on the need for new facilities; Ralph O. Johnson, Board Attorney, on reasons for prompt action; Charles McCauley, hospital architect from Birmingham on building plans and costs; and Alfred C. Shepard, fiscal agent from the firm of Potts and Sheppard, Ft. Lauderdale, on financing costs.

Speaking for the Medical Staff, Dr. Potette outlined the many urgent and critical needs at the hospital. He cited numerous instances when it was necessary to refer patients to West Palm Beach hospitals due to the lack of facilities here. He expressed the staff's concurrence with the recent report of the Public Health and Welfare Department which stated that, although well run, the hospital was totally inadequate for meeting the needs of modern medicine in the area today.

Mr. Johnson explained the committee's reasons for taking prompt action in this regard. First, he said, the Florida Development Commission, administrators of Hill-Burton Funds, would be making plans this summer for the allocation of next year's funds before they could approve the District's application for assistance. Secondly, in order to allow as many freeholders as possible

to vote on a bond issue, the Hospital Board wanted to hold an election prior to June 1, before people began to go away for the summer.

Mr. McCauley outlined possible building plans for a new 50-bed hospital with core facilities for 100 beds. The present building is too good to be abandoned, he said, and would be renovated for certain service areas and administrative purposes. Estimated costs, based on receiving Hill-Burton assistance, not yet allocated, were between \$750,000 and \$800,000.

This would include new construction costs, renovation costs, additional property costs if needed, and the retirement of the present lease-purchase debt to the City of Pahokee. The new building would provide all the necessary improvements and facilities which have been requested by the Medical Staff and recommended by the Public Health Department.

The anticipated cost of the project in terms of tax millages was discussed by Mr. Shepard. Basing his figures on a \$750,000 bond issue to be retired in 30 years, he stated that a tax of 1.8 mills would provide the funds to pay back the issue. Last year's tax assessments were used in arriving at this figure; not projected figures based on future increased valuations expected from recent sugar investments in the area. Were these included, Shepard indicated that the millage could be considerably reduced.

Mel Paul's Canal Point Pharmacy was broken into over the week end and a great deal of merchandise stolen, according to the proprietor. Hot Battle Looms In Base Ball Race

Forest Hill and Riviera Beach, who staged a hot duel for the Sun-coast Conference basketball crown this past winter, are at it again as the lone unbeaten in the blossoming baseball race.

The Falcons now have won eight straight, half in league play, while Riviera has played and won only two conference opponents. But both wins were over tough opposition, and actually it's no two-team race, at least not yet. Still very much in the competition are Belle Glade and Ft. Pierce at 3-1 each and defending champ Lake Worth at 2-1.

Ten games are carded in the conference this week, six to count in the standings. Vero starts it at Belle Glade Tuesday, also that day Clewiston pays a return visit to non-league Ft. Myers and Ft. Pierce entertains Melbourne. Five league matches Friday send Ft. Pierce to Forest Hill and Riviera to Belle Glade in the feature attractions. Also Vero calls on Lake Worth, Stuart goes to Palm Beach and Pahokee is guest of Clewiston.

Vero is at Satellite Beach and Cocoa comes to Ft. Pierce for non-league tests Saturday.

The Falcons still are unscathed upon after four league games. This past week they blanketed Seacrest 4-0 and Stuart 3-0. Riviera stopped unbeaten Ft. Pierce 1-0 to get second place while Belle Glade pulled into a third-place tie by whipping Pahokee 8-3 and Clewiston 10-3. Lake Worth jumped forward with wins 4-2 at Clewiston and 3-1 over Palm Beach.

Livestock Feed Program Extended

The authorized period for the Livestock Feed Program has been extended to run through April 30, Sam Schooley, ASCS County Office Manager announces. The program period would have expired on March 31.

Secretary of Agriculture Freeman approved the extension in order to give producers additional time to feed corn previously purchased under the program and to permit eligible livestock producers to purchase additional corn where it is needed. Late frosts during March have further damaged pastures in some areas of the State that were already severely damaged during the freeze that hit Florida last December.

The final date for filing applications to purchase corn under the program is April 15, Mr. Schooley states. Livestock producers are eligible to purchase corn under the program only if they do not have sufficient feed on hand for their livestock for the authorized period and are unable to purchase it through normal trade channels without undue financial hardship.

County Office Manager Schooley urges interested livestock producers to contact the ASCS county office before the April 15 deadline for complete information on the program.

Mrs. Paul Sasser attended the funeral services of a former classmate, Mrs. Jewel Smith, which were held Wednesday at Wauchoula.

Mrs. R. S. Stokes returned to Canal Point, last weekend, and is convalescing at her home after spending a week in a Lakeland hospital.

*"Today we need a nation of Minute Men
citizens who regard the preservation of freedom
as a basic purpose of their daily life"*

—JOHN FITZGERALD KENNEDY

10 days after his inauguration
as the 35th President of the
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unrelenting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

For 20 years America's newspapers have published Savings Bonds ads at no cost to the Government. The Treasury Dept. is grateful to The Advertising Council and this newspaper for their patriotic support.

Things are now beginning to take shape for Pahokee's big "Spring Harvest Festival". The J. C.'s are sponsoring this exposition but because of its purpose—to help the Pahokee hospital—most other organizations have volunteered to take a part.

They'll be a lot of activities, among them—Military participation, sky diving, helicopter rides, alligator wrestling, 2 beauty contests (in which Miss Everglades will be crowned) rides, Indian church service Sunday Morning the 28th.

Any merchant wishing display space during the festival should contact exposition chairman Jim Graham at 924-2981 or 996-6028. It'll be 4 big days and nights—April 25, 26, 27, and 28.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

Program Peak For Vets Is Expected

The peak of the Veterans Administration program providing education and training assistance to war orphans is expected to be reached this year, a long range VA survey showed today.

It is estimated that nearly 900 Florida children whose veteran-parent died of a service-connected disability will take advantage of this VA benefit during 1963. In 1962, 968 took part in this program, the largest number thus far to participate.

The study revealed that the program is expected to drop slowly from this peak until the year 1985 when only a handful of war orphans are expected to be enrolled, L. V. McClelland, Glades Veterans Service Officer said.

Those who are eligible are the children, generally aged 18 to 23, of veterans whose deaths resulted from injury or disease originally incurred or aggravated in the line of duty while on active service.

The surviving parent may or may not have remarried and the child in question may be either married or single and still be eligible. The parent or the guardian of the child must file an application with the VA. Schooling either aimed toward a college degree or toward training the child toward a vocational goal may be provided for as long as 26 months.

Full details may be obtained at the local VA office.

Shelley, Mrs. Pope Sears, Mrs. Lee Kahle and Mrs. Ida Blanchard, all of Canal Point, attended the district meeting of the Methodist Woman's Society of Christian Service held at Riviera Beach, last Thursday. Wildlife Club Enjoys Campout

The Pahokee Wildlife Club enjoyed a campout at Cowbone Flats, near Fisheating Creek recently. Twelve boys and four adult sponsors made the trip.

The twelve boys were Collins Duke, Richard Funderburk, "Buzzy" McKinstry, Vince Sims, Richard and Russell Geiger, Doug Murray, Barry Rainier, Gib Tucker, Barry Rawls, Loy Gray and Reed Upthegrove.

The adults accompanying the boys were Ray Gray, who furnished the van; W. A. "Pop" Reynolds, "Cotton" Funderburk and "Bals" Upthegrove.

A worship service was held Sunday morning for the group, conducted by Mr. Upthegrove.

The weather was fine and the club members enjoyed fishing and swimming and a nature hike which was led by Collins Duke. They saw some interesting wild life including some quail, and also a blue-racer snake which they captured. Two moccasins were killed during the weekend, but not on the hike.

A Kangaroo Court was held to find out what to do to one of the members who talked too much. "Cotton" Funderburk was the judge. Collins Duke was the district attorney, W. A. "Pop" Reynolds was the lawyer for the defendant, and six boys served on the jury.

The boys did their own cooking while on the campout.

Members of the Wildlife Club wish to thank Mr. Gray for the use of his van.

Engineer College Is Recommended

TAMPA—The State Board of Control, in a special meeting in Tampa March 26, recommended establishment of a College of Engineering at the University of South Florida.

Board members will ask the forthcoming state Legislature to provide \$52,000 in planning money for establishment of the school.

The move to establish the college of engineering came as the board considered recommendations resulting from a study to determine space era needs of higher education in Florida. The study recommended \$33 million be added to the previous budget request made by the board for the next biennium.
